

Mission

Leadership Arlington's mission is to provide an ongoing network
(to encourage and promote leadership development)
of the next generation of community leaders.

Leadership ARLINGTON TEXAS

D

the **development** of community leaders in the Arlington area;

I

identify potential community leaders;

D

develop their potential for civic responsibility and leadership;

A

assure there will be leadership to enable Arlington to achieve its maximum potential in the years that lie ahead; and

O

open a dialogue among emerging and present community leaders.

What We Do

Leadership Arlington is committed to identifying leaders from various geographic, ethnic, occupational, and economic segments of Arlington. We educate them regarding civic engagement and leadership opportunities.

One of our most valued traditions is the **Youth Leadership Arlington** program. The Youth program provides the opportunity for high school juniors to develop their leadership skills by participating in a variety of activities that give them an in-depth look at city operations, community issues, civic engagement, and social services in Arlington.

In fact, did you know that for every adult that signs up – one youth is sponsored to complete the Youth Leadership Arlington program?

Training Schedule Youth

Date	Session
August	Orientation & Retreat (Mandatory – no exceptions)
September	Leadership Skills & History of Arlington
October	Local Government (<i>Arlington & Tarrant County</i>)
November	Health and Human Services
December	<i>(no session – AISD Exams)</i>

May	Graduation

Leadership Skills & History of Arlington

This session will continue discussions about your personal leadership style and skills. It will dive deeper into the application of leadership and how it relates to others.

This session provides a look back at the milestones and accomplishments of our city.

Local Government Arlington & Tarrant County

Local government officials share their journey and the current issues of today.

Health and Human Services

The objective of this session is to educate and engage with the many health and human services organizations in Arlington that address critical needs.

Public Safety and Transportation

You will hear from local public safety officials and discuss the praises and pitfalls of transportation in our community.

Education

Education allows for individual enrichment and personal growth.

Arlington Independent School (AISD), University of Texas at Arlington and Tarrant County College support the development of the future workforce, family stability and growth of our community.

Economic Development

This session will discuss how Arlington is an attractive destination. Developing the economy will create jobs, attract visitors to our entertainment venue's and keep our city strong.

Arts and Culture

Our city is full of art, theater, music and entertainment. We have Arlington Museum of Art, The Levitt Pavilion and Theater Arlington downtown.
